**MAKE A DIFFERENCE - BE PART OF  
LEEDS GREEN PARTY**

Extreme weather... recycling or incineration?... a massive improvement in local transport or ever more roads? Fair trade and local shops, or economic migration and supermarket monopoly? Open government or political dogma?

We need radical changes to the way we think and live our lives if we are to face up to these challenges. The Green Party is driving forward a new agenda for the 21<sup>st</sup> century, with our first MP, 2 MEPs and over 100 local councillors, including 2 in Leeds. With YOUR support, our councillors can voice the demands of the wider environment and social justice movement for radical change. Whether you are concerned about a 'green' future for Leeds, the developing world, or the survival of the planet for future generations, your support is vital. We all know what needs doing, but we need you to help us campaign, deliver the leaflets, raise the money, and build a dynamic, effective local party.
